La Vergne Senior Center Newsletter

Welcome Back SENIORS

Glad To Have you Back Home

Help Us To Help
You Stay Safe

We Have Truly Missed You All

We will be opening on Wednesday

*October 7th & *8th hrs will be 10 to 2*

We will not have very much planned for this month as we will need to figure out how to do things that will allow us to follow all policies set forth by the City, GNRC, TCAD, the Health Dept and our policies. The safety of all of you are our most important goals and we will be needing help from each of you to maintain different things to ensure that everything is followed.

One of the things we have been thinking of for the first few days is, first going over all the new rules that will be in place until all restrictions are lifted and hopefully that will not be too much longer. And then we thought about having different ones of you to talk about all that you have been doing while we have been shut down. Some of you we have been keeping up with from your post and pictures on facebook. And we will be sharing the many things that has kept us busy over the months of closure. We so look forward to hearing about things that have kept you going. We loved seeing your faces when we were able to bring some food out to you.

Melissa Cooper-Senior Center Coordinator

Linda Tomlin- Program Assistant

Don Bebout- Program Assistant

Here is a list of some of the things that we must follow in order to re-open at this time.

Each person will have their temperatures taken before entering the bus or van and before entering the building. Anyone with a temperature of 100.4 or greater will not be allowed to enter. Each person will be asked a series of questions relating to COVID19 symptoms.

We will be required to wear masks or face shields while at the center.

4 per table on the small tables and 6 for the large tables and will adhere to the social distancing guidelines.

Activities will be limited and adhere to social distancing guidelines.

Sanitizing stations will be set up around the center and staff will ensure they are being used by everyone.

The building as well as the vehicles will be thoroughly sanitized daily and on a continuous basis on tables, chairs, door handles, bathroom surfaces, light switches, etc.

No meals will be provided at this time.

We will continue to stay in contact with GNRC and other Senior Centers and make adjustments as necessary.

We have purchased paper bingo sheets and will use throw away items to cover the numbers. Trivia games, name that tune and other games that anyone can think of.

Coffee will be served by one person and packaged treats will be passed out.

All we ask at this time is to be patient with us while we all go through this.

This has truly been a very long six months without being able to come in and see all your smiling faces that has been a hard thing to do. We did cherish the times we had something to deliver to each of you just to see those faces. So looking forward to seeing each of you and sad to not be able to see the few who won't be joining us. We have lost Grace Miller, Pat Roembke, Jerry Butler and Rick Kolb and they will be truly missed. Things will be a little or maybe a lot different at first but we will get through whatever we need to. We are so looking forward to next Wednesday.
